

Oakglen Specific Plan Information

The County Board of Supervisors has authorized the preparation of a Specific Plan for the Oakglen Avenue neighborhood of Nipomo. The Specific Plan will be a guide for future development in the neighborhood. An important goal of the Specific Plan is to help create a livable place that includes safe and convenient circulation for cars, bicycles and pedestrians, a variety of housing types, desirable businesses and enhancement to the southern entry to the community, the creek and public spaces. To help achieve this, the Specific Plan will consider many topics including: circulation, housing, infrastructure, green-spaces, commercial development, historic preservation, and nearby agricultural lands. The Department of Planning and Building is working with property owners, stakeholders, neighbors, the South County Advisory Council, and other interested persons to develop a community-based plan.

Progress Report

- ☒ Initial meeting with neighbor
